## WILSON THREATENS TO POCKET THE PEACE TREATY

President Insists Lodge Reservations Would Nullify The Peace Treaty.

### SENDS MESSAGE BY HITCHCOCK

Says Treaty Would be "Utterly Impossible" if Reservations Tacked On.

France Not Expected to Give Approval if Senate Action is Allowed to Stand.

(By Associated Press)  
Washington, November 17.—President Wilson will pocket the peace treaty if it contains the Lodge reservations, he told Senator Hitchcock, the administration leader, at a conference today at the White House.

"The President has read and considered the Lodge reservations," Senator Hitchcock said, and he considers them a nullification of the treaty and utterly impossible."

The program outlined by Senator Hitchcock after he had seen President Wilson last week will be carried through in the Senate, Mr. Hitchcock said.

This contemplated defeat of the ratification resolution with the Lodge reservations attached and offering of resolution for ratification without reservations. With defeat of this resolution a deadlock would follow and a compromise be sought.

Senator Hitchcock was with the President one hour and said he looked much improved.

### EXPECT COMPROMISE

Senator Hitchcock did not interpret the President's stand to mean the treaty was dead, declaring he believed a compromise reservation program could be worked out.

The preamble of the committee resolution requiring that the Senate reservations must be accepted by three other great powers was said by the democratic leader to be particularly objectionable to the President, who regarded it as "killing the treaty absolutely."

He indicated also that the article ten reservation was entirely unacceptable to Mr. Wilson, but said the executive might be willing to accept some of the other proposals on the committee program.

As soon as he left the White House Senator Hitchcock began plans for a conference of democratic friends of the treaty. It was said it might be held tonight.

One of the subjects understood to have been discussed at the White House was the substitute reservations opposed by Senator Hitchcock. It was indicated the President had made no objection to them.

Immediately after convening today the Senate plunged into consideration of the two remaining reservations.

Senator Poindexter endeavored to gain time by discussing anti-radical legislation but republican senators insisted the treaty had right of way and were sustained.

### NEW PROVISION IN RAILWAY BILL

(By Associated Press)  
Washington, November 17.—By a provision of the Senate Esch railroad bill adopted today by the House, the Interstate Commerce Commission was given authority over intra-state rates to the extent that it might order removal of any undue burden on intra-state commerce.

No business will be transacted by the house after today, Republican Leader Mondell announced, adding that the House probably would adjourn tomorrow.

### D'ANNUNZIO IS GAINING STRENGTH

Now Master of Entire Dalmatian Coast As Result of Late Exploit at Zara.

Occupational Forces and Warships Placed Under Italian Poet's Command.

(By Associated Press.)

Fiume, November 17.—Captain d'Annunzio's latest exploit appears to have made him master of the entire Dalmatian coast. It secured the adherence to his side of Admiral Millo, commander of the Italian occupation forces in Dalmatia.

Four warships and four torpedo boat destroyers have been added to d'Annunzio's naval command.

D'Annunzio returned here Saturday night from Zara, leaving an officer in charge there.

### HERO DEAD COME HOME

Detroit, November 17.—The first of Michigan's hero dead of the world war "came home" Sunday. Sixty-eight of her sons who made the supreme sacrifice in the far north of Russia received all the honor that a grateful city and state could accord them and Sunday night were either in the hands of sorrowing mothers and other relatives or lying in state in the Detroit armory, awaiting removal to homes upstate.

### RESERVATION IS SNOWED UNDER VOTE 64 TO 29

(By Associated Press.)

Washington, November 17.—The foreign relations committee reservation excluding the United States from any responsibility in regard to disposition of German colonies was rejected today by the Senate.

The reservation, which was the first of the committee group to be defeated, failed to command the support of the mild reservation republicans and was opposed also by some of the republican irreconcilables. The vote rejecting the reservation was 64 to 29.

### MINERS STILL REMAIN OUT

(By Associated Press.)

Chicago, November 17.—There was no general resumption of mining in the United States today excepting in the Maryland mines.

Partial resumption in the Pittsburg districts was reported but in West Virginia, Ohio, Pennsylvania and Iowa few miners returned to work.

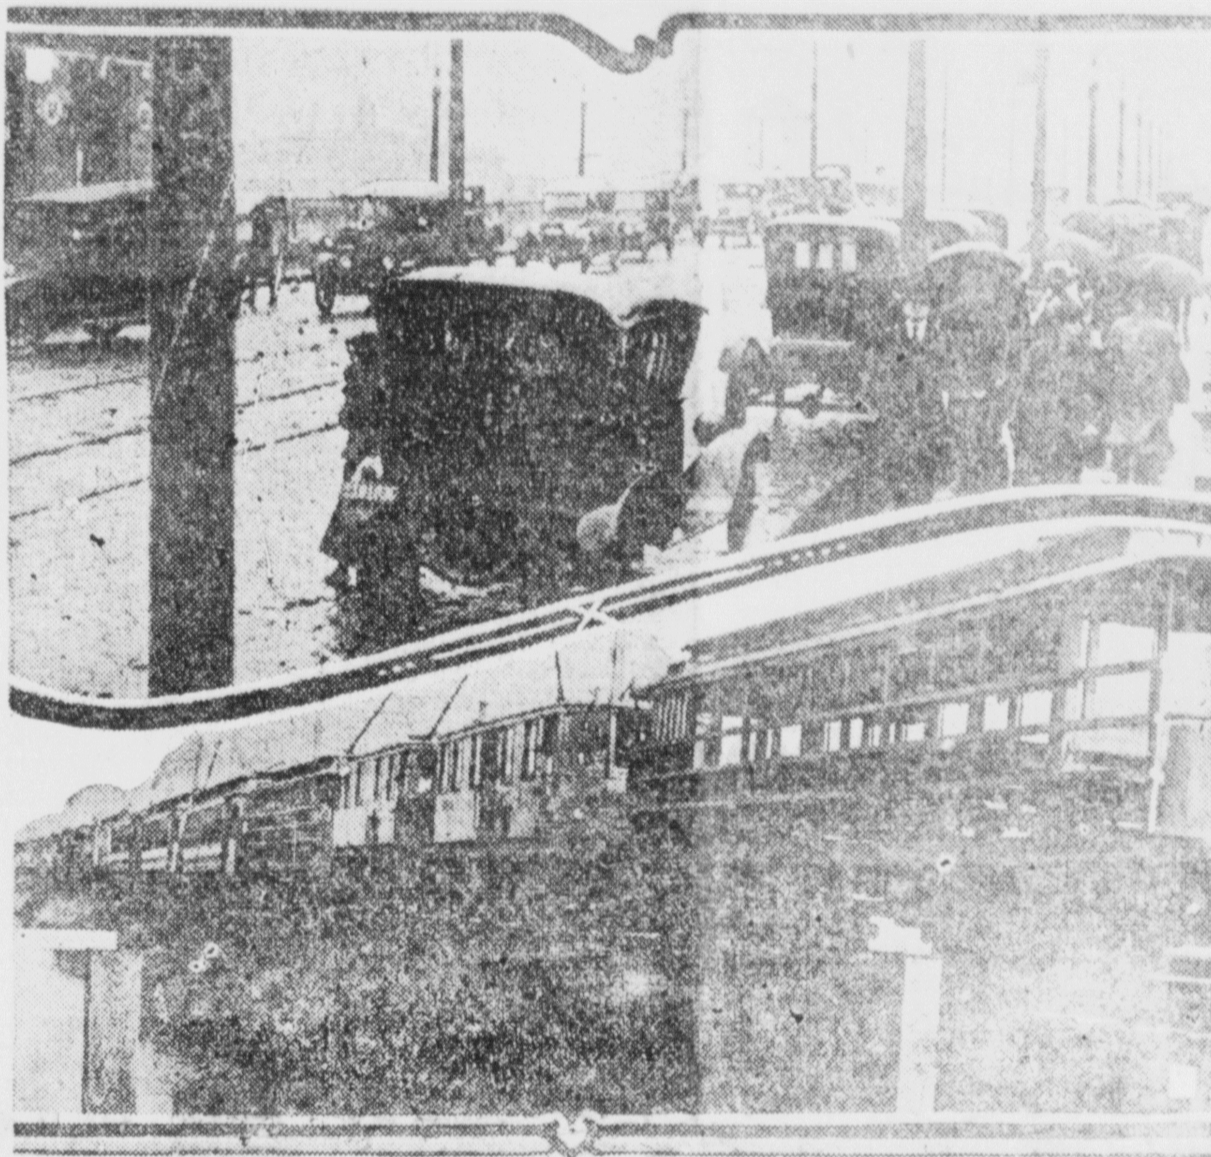

On western railroad lines several trains were taken off today in order to save fuel.

### FOUR KILLED

(By Associated Press.)

Philadelphia, November 17.—Four shipyard workers were killed and several injured today when a motor truck was struck by a train.

### TOLEDO CONSIDERS PEACE TERMS OFFERED BY TRACTION CO.: MEANWHILE STREET CARS ARE VACATIONING IN MICHIGAN

Toledoans on their way to work (above) without the aid of street cars (below) parked in Michigan.

When the citizens of Toledo, Ohio, last election day voted that the Toledo Railways and Light Co. should be ousted as a punishment for increasing fares, the traction

people took them at their word and a few days later removed every street car from Toledo over into Michigan, beyond the reach of Ohio courts. Now Toledo folk are either

walking to work or riding in buses at ten cents per ride. Toledo authorities are now considering a peace offer put forward by the traction company.

### BUTTER POISON ONE IS DEAD OTHERS DYING

Physicians Think Cow Ate Poisonous Weed That Poisoned Milk

West Salem, Ohio, is the Scene Of Poisoning.

(By Associated Press.)

West Salem, O., November 17.—Mrs. Sarah Haverstock is dead and two other women and two men are seriously ill at an Ashland hospital today as the result of eating poisoned butter at a dinner given by the dead woman here Friday. Physicians hold little hope for recovery of the two men, while the women are reported to have an even chance.

Physicians believe that cows had eaten a poisonous weed and that the deadly juice was contained in their milk.

### MILD ONES TO OPPOSE MARSHAL

(By Associated Press.)

Washington, November 17.—A number of the mild reservationists conferred today and at least part of them are said to have agreed to vote against upholding Vice President Marshall should he rule that a second ratification could be considered after that reported by the foreign relations committee had been rejected.

### BROTHERHOODS HOLD MEETING

(By Associated Press.)

Columbus, O., November 17.—Heads of the four railroad brotherhoods met here today to consider Director General Hines' offer on overtime payment on slow freight service. They hope to be able to give an answer within a week.

### AMERICAN LEGION'S FIRST COMMANDER

Lieut. Col. Franklin L'Olier.

### WANTS RECEIVER FOR OHIO MINES

(By Associated Press.)

Columbus, O., November 17.—Geo. Phelps, Findlay lawyer, today asked the Ohio supreme court to direct Attorney General Price to begin ouster proceedings against Ohio coal mining companies organized under the laws of Ohio for failure to operate their mines and to have receivers appointed for them.

WASHINGTON—A man from the middle West, it is said, will be chosen to succeed Carter Glass, of Virginia as secretary of treasury.

### GLASS ACCEPTS APPOINTMENT AS A VIRGINIA SOLON

Asks President For His Wishes And is Asked to Accept

No Successor As Secretary Of The Treasury Named.

(By Associated Press.)

Washington, November 17.—At the request of President Wilson, Secretary Glass will accept the appointment as senator from Virginia to succeed the late Senator Martin. It was announced today at the White House.

Mr. Glass had asked the President what his wishes were, and Mr. Wilson replied that he would like Mr. Glass to accept.

Members of the Senate told Secretary Glass that there was no particular need for him to take the oath as senator for a week or more. Meanwhile, he will continue to serve as head of the Treasury.

At the White House it was said no successor to Mr. Glass had been decided upon, and that the President's mind was open.

### HOTEL FIRE LOSS \$60,000

Springfield, O., Nov. 17.—Total loss in the fire which Saturday night destroyed the roof and upper stories of the Bancroft Hotel is estimated at \$60,000. The entire loss was covered by insurance. Sparks from one of the motors running the elevators is believed to have caused the fire.

### BUTTER HITS NEW HIGH MARK

(By Associated Press.)

Chicago, November 17.—Highest prices ever known for butter were reached in Chicago, 70 cents a pound for creamery extras, wholesale. This grade never went above 67 1-2 even during the war.

### BOLIVIA RATIFIES TREATY

Lapaz, November 17.—Bolivia has ratified the treaty of Versailles.

### OPERATORS FRAME COUNTER PROPOSAL TO THAT OF MINERS

### JENKINS OUT AFTER ARREST FOR COLLUSION

American Consular Agent At Pueblo Held Two Hours

Peons, Under Threats, Made Statements Implicating Mr. Jenkins.

(By Associated Press.)

Washington, November 17.—Wm. O. Jenkins, American Consular Agent at Pueblo, Mexico, was detained at the penitentiary for two hours after his arrest on a charge of collusion with the bandits who recently kidnapped him, according to advices to the State Department today from Mexico City.

He then was released without bail and restricted to his own home.

First report of his arrest yesterday by the American Embassy which reports the arrest appeared to be based on declarations from a number of peons, who under threat, made statements purporting to establish collusion.

The department immediately telegraphed to have the matter taken up with the Mexican foreign office with a view to securing Jenkins' release.

### CITIZENS CONTINUE TO WALK

Toledo, November 17.—Toledo Sunday completed its eighth day of walking because of the absence of street cars, and it may be eight days more before the cars resume operation, it was said by city officials.

### WILSON LEAVES WHITE HOUSE BASKS IN SUN

First Time President Out Of House Since His Return From The West.

"Full of Fight" is Decision Of Friends.

(By Associated Press.)

Washington, November 17.—President Wilson was taken down stairs in a wheel chair today and rolled out on the White House lawn where he basked in the sunshine for a short time. This was the first time he had left the White House since his return from the western tour.

Those who saw the President said he seemed bright and cheerful and apparently was "full of fight" as result of the Senate action on the peace treaty.

### CLINTON WOMAN ENDS HER LIFE

(By Associated Press.)

Wilmington, O., November 17.—Miss Mary Sanderson, 30, committed suicide at her home near Bloomington Sunday, by shooting herself through the temple with a revolver. Despondency over ill health is said to have been the reason for the act.

Operators Urge Federal Officials To Enforce Mandate of The U. S. Court.

### WYOMING MINES RESUME OPERATION

Scale Committee Conference Postponed Until Reply Made By Operators.

(By Associated Press.)

Washington, November 17.—The conference of wage scale committees in the central competitive bituminous coal field were postponed today at the request of the operators, who were not ready to submit a counter proposal to the demands received from the miners on Saturday. Meantime, a committee of the operators was framing a reply.

It was said the question of the renewal of work by the miners was one of the matters to be brought up by the operators. The operators today were considering calling upon the Department of Justice to enforce more vigorously the federal court mandate against the striking miners, and to force resumption of work in those districts where the men continue on strike.

The government has not done its full duty in merely requiring withdrawal of the strike order, operators declare.

Wyoming miners and operators have reached a settlement, and the mines will be reopened at once, according to a telegram to Secretary Wilson from the president of the Wyoming Coal Operators' Association. The final contract in the Wyoming field will be based on the agreement reached in the central competitive field.

### FRENCH SHOW DEEP INTEREST

(By Associated Press.)

Paris, November 17.—The news of the adoption by the United States Senate of ten reservations to the German peace treaty was received with great interest in peace conference circles.

The point apparently most discussed by the delegates in general is as to whether the Senate will ultimately insist upon the reservations being formally approved by the other governments as now specified in the preamble.

In French circles, the indications are that the French government is not prepared to give its formal approval.

### BOLSHEVIK ARMY STILL ADVANCES

(By Associated Press.)

London, November 17.—The capture of Omsk by Russian soviet forces, unofficially denied in advices through Scandinavia yesterday, is reasserted in a Bolshevik wireless from Moscow today.

Severe fighting preceded the capture, it was declared. In the Baltic region, it is announced, the Bolsheviks continue to advance and are pursuing General Yudenitch's troops.

## NEW U. S. DESTROYER IS BUILT IN RECORD TIME

U. S. destroyer Reid going at full speed.

The new U. S. destroyer Reid, the last word in construction of this type of boat, was built and made ready for the navy's use in 45½ working days by the Squantum works of the Fore River plant

of the Bethlehem Shipbuilding Company. This is a world's record in shipbuilding. The Reid is designed to make thirty-five knots an hour. Although she is but a 1,200-ton ship her engines can de-

velop 30,000 horsepower, power enough to drive a battleship. She is equipped with water tube boilers, Curtis marine turbines and twin screws which make 450 revolutions a minute.

## STATE MEETING CALL IS ISSUED BY REV. F. E. ROSS

(Special to The Herald)

Columbus, O., November 17. — Columbus has been selected as the meeting place for the State training conference of the Interchurch World Movement for Ohio. The Columbus conference will be held December 13. Announcement of this was made today by Frederick E. Ross, field secretary of the Interchurch World Movement for Ohio, with headquarters here.

One thousand church leaders and delegates from every county and representing practically every denomination in the state are expected to attend. The object of the meeting is to bring together religious leaders of every county to confer with reference to plans in this state for promoting church co-operation and for taking part in the nationwide campaign planned by the Interchurch World Movement.

Addresses will be delivered by a team of six leaders of national reputation on various phases of the Interchurch program. The conference has been described in advance as a "School of Christian leadership" but in point of fact the leaders of the meeting declare that they expect to get as much instruction, particularly in state plans and conditions as they impart. Hence the rule of the conference will be fifteen-minute addresses, followed by forty-five minute discussions.

## 'PLEASE GET MARRIED'

In "Please Get Married," adapted from Oliver Morosco's Broadway success by James Cullen and Lewis Allen Browne, Viola (Shorty) Dana has the captivating role of Muriel Ashley, the clinging little bride of "Ferdie" Walton, who lacks three months of being of age. The pair are wedded by a parson, against the violent objections of Ferdie's father, and start immediately on their honeymoon.

Their parents then discover that the supposed parson was a burglar, and they are horrified at the plight of the innocent youngsters. The newlyweds register at a hotel, but their honeymoon is interrupted by a fire and other embarrassing circumstances. To add to their dismay, they learn that they are perhaps not married at all.

How this delightful (to the spectator, at least) mixup is finally straightened out is unfolded in a series of highly diverting scenes that have all the nerve and snap of the Frenchiest of French farces.

This picture will be shown at the PALACE THEATER two days, Thursday and Friday, November 20 and 21.

The natural selection is usually the best umbrella in the rack.

## DON'T DISREGARD A COLD

A neglected cold may develop into most serious sickness. The influenza and pneumonia that swept the country a year ago were preceded by an epidemic of colds. Foley's Honey and Tar will check a cold if taken in time. It loosens phlegm and mucus, clears air passages, eases hoarseness, stops tickling throat. Blackmer & Tanquary.

## FLY IN FAYETTE COUNTY WHEAT

The "Fly" has appeared in Fayette county wheat in large numbers, and many farmers declare that in some instances they have found as high as ten of the young fly in a single plant of the earlier sown wheat.

It is understood that the fly has not appeared in some of the later sown wheat, although many farmers have made no examination to determine the presence of the destructive pest, and may not know that the fly is in their wheat until near harvest time next season.

## FARM BUREAU NOW HAS 450 MEMBERS

The Fayette County Farm Bureau, which is associated with other farmer organizations throughout the country, has a membership of about 450 and is increasing slowly, although no organized effort has been made to raise the membership to the point where it is expected to go within a short time.

A membership of 1500 is ordinary for a county the size of Fayette, and it is expected that when an organized effort is made to increase the enrollment that it will be raised rapidly.

## NEW CLOTHING FOR THE FRENCH

Roubaix, France, October 20. — (Correspondence of The Associated Press by Mail)—The new "national costume" for men is ready to be placed on the market. The first lot is composed of 25,000 suits.

The price has been fixed at 110 francs, as compared with 400 to 500 francs now charged by tailors. The profit of the tailor on the new "national costume" is fixed at 10 francs a suit. The cloth is of cotton warp with woolen filling and will range in color from navy blue to light gray, black, olive drab, dark and light green. Although perhaps not adapted to the needs of the professional boulevardier, the new costume is expected to meet the requirements of the wage-earners and salaried men.

Andre de Fouquieres, recognized for several years as the French arbiter of fashion, announced that he would purchase one of the suits as soon as they were placed on sale and that he would wear it.

Much of the cloth has been manufactured in Roubaix and Tourcoing. In producing it the government authorities undertook a difficult task as many French manufacturers had been stripped of their machinery by the German invaders, money was scarce, cotton and wool trebled or quadrupled in price and those employed in the manufacture demanded for a day's work wages they would have been glad to accept as a week's pay before the war.

**NOW PREPARING FOR BASKETBALL**

Elaborate plans are being compiled at the High School for the 1920 basketball season. Twelve dates are on the calendar with one of the hardest programs ever laid out for the quintet.

Eight of the twelve dates have been filled. Greenfield will open the season here on Jan. 9. The 16th and 23rd are yet to be filled. The last game of the month will be Chillicothe here.

Feb. 6 Greenfield will again appear in this city. The 13th, Circleville at Circleville. On the 20th the team will go Greenfield to take part in the South Central Ohio Tournament. On the 27th Wilmington here.

March 5 will find the squad in Delaware to play in the Southern Ohio state tournament. Xenia will come to Washington on the 12th. March 19 and 26 are the remaining dates to be filled.

An invitation has been received by the school authorities to take part in a tournament to be staged at Xenia on January 22, 23, and 24. Eight teams are to take part, the winning squad to receive \$60. It was announced that the Washington basketball team would not take part because of the fact that money is to be given the winners as a reward.

**SUNDAY PROGRAM ATTRACTS MANY**

Sunday afternoon a large crowd of men and boys gathered at the Y. M. C. A. for the regular Sunday afternoon meeting. More than half a hundred boys were present for the meeting at two o'clock and they remained for the men's meeting. Glenn Boots had charge of the boys' gathering.

Two reels of films were shown to the men. Pictures of places of interest in France were displayed.

The pictures were accompanied with a talk by Professor Probasco of the high school. The professor had visited several of the places shown in the pictures and was the master of his subject. His talk, instructive, and with a bit of humor here and there, was thoroughly enjoyed.

Miss Ethel Powell had charge of the musical program.

**ADDRESS AND VIEWS DRAW LARGE CROWD**

A large audience at the First Presbyterian Church, Sunday night followed, with keenest interest, Mr. O. K. Probasco on a tour of the famed Versailles Palace and grounds.

Mr. Probasco, while engaged in "Y" and educational work over seas, was one of the official guides at Versailles and it was his privilege to escort the American soldiers through on the day of their big celebration.

The interesting descriptive talk was beautifully illustrated by stereopticon views and the opportunity to see his wonderful palace and grounds was fully appreciated.

Rev. W. Boynton Gage prefaced the lecture with brief remarks upon the lessons drawn from French history and gave a vivid description of the famous palace of Fontainebleau.

**COURT OF APPEALS IN SESSION HERE**

The Fayette County Court of Appeals opened in this city Monday morning with Judges James I. Allread and H. L. Ferneding on the bench.

**URGES ASSISTANCE TO END DROUGHTS**

Rio De Janeiro, October 25.—(Correspondence of The Associated Press by Mail)—One of the most serious internal problems with which the Brazilian government has to deal is that of relieving the population of three states in northwestern Brazil from the effects of periodic droughts. These states—Ceara, Parahyba and Rio Grande do Norte—have a combined area of 91,250 square miles and a population of approximately 2,000,000. It is officially estimated that, since 1877, more than 1,000,000 persons and an untold number of livestock have died from hunger and disease as a result of these droughts.

In a message to the Brazilian congress President Pessoa has called attention to the situation. He asked authorization for the government to arrange loans, either domestic or foreign, amounting to about \$10,000,000 a year for a period of not more than five years, for the purpose of constructing reservoirs and irrigation canals in affected region, and for supplementary projects.

## Obstinate Contenders

The United States Government has been prompt in redeeming its promise to, immediately following the recall of the strike order, take up the work of adjusting all alleged grievances between coal miners and operators.

The recall of the strike order had scarcely been issued when Secretary Wilson called a conference in Washington to which mine operators and workers were invited.

The opening of the conference on Friday and the second day's session on Saturday were not encouraging. Both mine operators and mine workers still persist, in spite of the crisis through which they have just passed, in adhering determinedly to positions which meet with irreconcilable opposition. There seems to be an absence of that spirit of give and take without which no conference can succeed.

The miners' demands for hours and wage scales are declared to be impossible and yet their leaders still hold steadfastly for every claim to the last penny.

The operators refuse thus far to acknowledge any right at all existing on the part of the miners.

In the face of this "deadlock" at the national conference of mine owners and mine workers, Congress on Friday refused to enact anti-strike legislation or to enact any legislation providing for compulsory arbitration and vesting in the representatives of the people's interests the right to decide, and enforce a decree, between stubborn contending factions in disputes which effect vitally the interests of the public.

The government provides a way for the adjustment of disputes between individuals and the means to enforce that adjustment. Why not groups of individuals?

So long as politicians fear those organizations of voters the majority seems fated to suffer for lack of proper provision in the law.

## The Prince

Judging from his pictures, seen in almost every publication at least once since he landed in Canada some weeks ago, the Prince of Wales is a fine looking, clean cut young Britisher.

Americans last week welcomed him at the national capital. Even in a steady down-pour of November rain which soaked the waiting crowds "through and through," a splendid greeting was given the young heir to the throne of Great Britain when his train pulled into the Washington station.

We here in America have been raised to look with disfavor on kings, princes, emperors, czars and all titled persons who are, by fortune of birth given places of great power by their government.

When we consider, in the light of the tremendous developments of the past five years, that the kings and princes of Great Britain are no autocrats, that the sturdy English people have for centuries been curtailing the power of their sovereigns until they are but little more than human figures to typify the government and about as powerless as the imposing government buildings in London, we look differently upon the mere boy who comes to visit us as the representative of that great nation of our cousins across the sea.

According to our democratic ideals kings and princes are rather expensive luxuries, but the English people hold different views and as they foot the bills "we should worry."

At any rate the Prince of Wales is a clean, wholesome looking lad, and we greet him with genuine affection.

## An Ominous Claim

The "wets" have sprung a sensational claim that because of the failure of Ohio voters, at the last election, to approve the action of the general assembly of the state, ratifying the prohibition amendment to the federal constitution, nation-wide prohibition has been postponed for at least one year and perhaps defeated entirely.

The point upon which that sensational announcement is swung, is that it required thirty-six states to ratify the action of Congress in amending the federal constitution prohibiting the manufacture and sale of intoxicating liquors, and that immediately after thirty-six states had ratified the amendment, counting Ohio as one of the thirty-six, the proclamation for a dry nation was issued.

Now Ohio's ratification having, by the election, been declared no ratification there was not, at the time the proclamation was issued, the necessary ratification by the states to make the amendment effective and hence no basis for the proclamation.

By the terms of the amendment itself the proclamation must allow for the expiration of one year after it is issued before national prohibition becomes effective.

It is an ominous and disturbing claim at any rate.

## POETRY FOR TODAY

### PLAYBOYS

All of us are playboys on the hill of life,  
Playing with the little dreams playing with the strife;  
Playing with the happiness that shall make us true,  
Playing with the wonder-love that our dreams renew.  
Playboys on the little hills,  
With fancies in our heads,  
The while the great world over us  
In conscious purpose threads!

All of us are more or less children half grown up,  
All of us are tasting still the honey of the cup—  
The fairy honey of the morn that kept away the night  
In which our spirits must be torn, our lists must fight.  
Playboys, running with the sun  
And with the moon at play,  
The while the mighty wars are won  
And life swings on its way!

All of us at heart are part not of toil and care  
So much as of the fairy wind that fills the elfin air;  
Blowing bubbles, spinning tops and chasing glowworms through  
The memory of the violet vales beneath the hills of dew.  
Playboys and forever glad  
To feel it yet awhile—  
The mystery of the haunting joy  
That wears the childhood smile!

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days—you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

## THE COMING OF THE DRY LAW AT HELL'S GAP

## FARM NOTES

Bad Handling of Ohio Wool Causes Big Loss

It cost certain Ohio wool growers nearly one-half million dollars this year to be careless in the handling of their wool, according to J. F. Walker, secretary of the Ohio Wool Growers' Association. Through this organization 5,400 growers marketed co-operatively 2,050,000 pounds of wool. Although there are but a few staple grades of wool, 37 different grades were found in the clip offered.

In 50 per cent of the cases, "off grades" were due to preventable causes. In many instances seeds, chaff and burs were in the fleeces. Some were tied with sisal twine. Other fleeces had been kept in damp or dirty places and had been allowed to become musty, filthy or damaged by mice.

If those conditions were remedied, wool buyers say that farmers would receive a higher price for the wool and that the buyers would be able to pay a premium for a uniformly high grade.

### State Seeking 100 Cow Testers—Training Free

Ohio needs 100 cow testers, according to dairymen at the Ohio State University. Thirty cow testing associations, already formed, are seeking testers and more would be organized if the testers were to be had. In order to supply the demand, a special course in cow testing work is being held at the Ohio State University. Less than half the number of men needed have enrolled.

These young men are studying the methods of testing milk, how to keep records of accounts, and feed consumed, as well as the rules of cow testing associations and advanced registry. Dairy specialists declare that these positions offer an exceptional opportunity to work with very best dairymen in Ohio. Young men expecting to enter the dairy business, therefore, not only have the opportunity to earn \$60 a month and their board but a chance to study the best methods employed in dairying.

## KOREANS AND JAPS IN CLASH

Seoul, Korea, October 15. — (Correspondence of the Associated Press by Mail)—Extra policemen from the provinces were summoned to Seoul and armed soldiers helped to patrol the city on the ninth anniversary of the inauguration of Japanese rule in Korea. While nothing of great importance occurred, numerous arrests were made. All Japanese residents observed the anniversary by raising flags, no Koreans did so, and all Korean shops in the principal thoroughfares were closed as a counter-manifestation. Some of the shops were forcibly opened later by the authorities. The streets were crowded with sight-seers.

Unrest and isolated attacks on policemen are reported from the provinces. In the north two Japanese mining experts were killed while out hunting.

After acquiring a good appetite a man tries to get rid of it.

## SOCIAL : PERSONAL MENTION : CLUBS

Dr. and Mrs. J. M. Boyd pleasantly entertained at dinner Sunday, Mr. and Mrs. T. O. Smalley, daughters Misses Grace and Florence, son Thomas, Mrs. Clara McCoy son Harold, Mr. and Mrs. Heber McCoy of near Good Hope.

The following announcement will be of interest to many friends and relatives in this community.

Mr. and Mrs. C. Thurman Sheley announce the marriage of their daughter, Doris Gladine to Mr. Raymond Rhoads, Friday November the fourteenth nineteen hundred and nineteen.

The young couple motored to Columbus and were married by Rev. C. W. Brady of Linden Heights a former pastor of the Bloomingburg M. E. Church. Only the members of the brides family witnessed the pretty ring ceremony. After a wedding dinner they immediately left for Chicago, Milwaukee and other western points of interest.

The bride a very pretty and attractive girl wore a modish tailored suit of tinseltone, with hat, shoes and gloves to match.

After December first the couple will be at home at 287 East 9th Avenue, Columbus, Ohio.

Mr. and Mrs. Harry Henkle delightfully entertained at their home in Dayton Avenue for dinner Sunday, Mr. and Mrs. Tom Bryant, daughters, Misses Ossie, Bertha and Lizzie, sons, Dennis and Ernest; Mr. and Mrs. John McNeil daughters, Nellie and two sons of Chillicothe.

The entire party also visited Mrs. Elmer Burnett, who has been for some time confined to her home by illness.

The engagement of Miss Margaret Teeters, daughter of Dr. A. L. Teeters of Jamestown, to Mr. Francis Clarke, of Bowersville has just been announced, and is being learned with much interest by friends of the bride-elect, who is a grand-daughter of Mrs. Frank Lee of this city.

Miss Teeters is a graduate of the local High School, class of '16 and has chosen December twenty-seventh as the date of her marriage.

Mr. and Mrs. N. S. Tway, of near Yatesville, extended cordial hospitality at an elaborate turkey dinner Sunday.

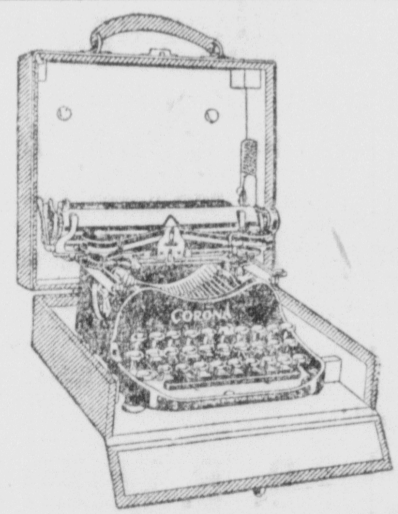

Their guests were Mr. and Mrs. E. W. Dufflinger, County Treasurer and Mrs. David Whiteside and children, of this city, Mr. E. A. Ferguson and family.

Imagine paying \$160 for an ounce of platinum!

That's the quotation on hard platinum now, according to Columbus jewelers. The present price is an increase of \$55 over a year ago.

Hard platinum is much higher in price than pure platinum as it is mixed with radium which, in itself is more valuable than platinum.

The high price of the metal has not prevented an increased output in jewelry, however. Platinum seems to be more in use now than ever before, local jewelers declare.

The Elmwood Ladies Aid Society met at the home of Mrs. Lizzie Powless, on Grande Ave., Thursday November 13. Forty-two members were present. In the absence of the president, Mrs. Ola Bush, Mrs. H. Reno had charge of the meeting. After the business of the meeting a social good time, with delicious refreshments were served. Mrs. John Michael and Mrs. Willard Wilson assisted in the hospitalities.

Mr. J. C. Murphy, of Dayton, was a business visitor in this city Monday.

NOT IMPRESSED BY  
AMERICAN GIRLS

Miss Edith Chen.

Saying that she did not know American boys well enough to pass judgment upon them, but stating that she didn't like American girls at all—especially those who smoke cigarettes and those who have too much initiative—Miss Edith Chen, a little Chinese co-ed of Syracuse University, summed up her impressions of America. She added that she would never get to like us well enough to stay here. She is the daughter of Dr. R. Chen Chang Chow, of Fookeen, China, and she is studying here to equip herself to become a teacher in China.

Mrs. James Beller and two little sons, James William and Harold went to Columbus Saturday evening to spend Sunday with Mrs. Beller's father who is ill at his home on Reynolds Avenue.

Mr. and Mrs. C. A. Dray, daughters Mary and Margaret Jean and sons Donald and Frankie Lee, motored to Chillicothe, Ohio on Sunday afternoon to meet their daughter, Miss Hazel, who arrived on the afternoon train from Washington D. C. and who will spend a three weeks' vacation at her father's home on the Wilmington pike.

Mr. and Mrs. Dray are also announcing the engagement of their daughter, Miss Bernice to Mr. Ralph Small, a prosperous young farmer of Prince George county, Maryland.

W. P. Hickman, who has been very ill at his home in Columbus, is some what improved.

Mr. and Mrs. Logan Buzick, Miss Hazen Moore and Mr. Jack Orr were guests of Mr. and Mrs. John Boyer and Mr. Os. Boyer at Rock Mills.

# OBVIOUS TENDENCY IN ALLIED NATIONS TO RESUME TRADE

Allied Nations Are Noting The Necessity For Resumption of Trade Relations.

Germany's Acts Must Not Be Forgotten But Trade Must Be Resumed.

New York, November 17.—The obvious tendency of certain of the Allied countries to buy German goods was to have been expected, according to "American Goods and Foreign Markets," the fortnightly review on foreign trade conditions issued by the Guaranty Trust Company of New York and is dictated by the most elementary business considerations. "It is," says the review, "an indication of a growing feeling of independence and self-reliance in European business men, which argues more convincingly for their future than could any amount of special pleading."

Commenting upon the developments of the past two weeks, the review says in part: "Whatever financial arrangements may be entered into, whatever American credits may be forth coming, will of necessity be offered on a business basis. The best opinion in the United States is that solvency should not be restored by a continuation of credit arrangements executed under war pressure by the various governments. With the war, as such, a thing of the past, loans offered by governments to governments with little regard to prevailing economic conditions should be as little desired by European borrowers as by bankers and business men in the United States. It is thought that they would react all too sharply upon conditions in this country, and might serve to aggravate inflation, promote higher prices, stimulate industrial unrest, and so delay rather than promote the

stability which the world so greatly needs.

"More important is the attitude toward American loans, and indeed trade with America, which gradually grew clearer as the Trade Conference progressed, and which is being echoed and reflected in current press comment on the other side. Some American business men have felt that loans made either to European Governments or individuals should be spent in their entirety in the purchase of goods in this country. The statement was frankly and frequently made during the conference, and by the representatives of the very countries whose need is greatest, that supplies would be bought wherever they could be most advantageously bought. In the case of Belgium and Italy, certainly, and possibly in the case of France, this can mean only that some goods will be bought in Germany, where both the franc and the lira are at a premium.

"If any conclusion can safely be drawn from these various factors in the situation it is that international relations are approaching once more a sound basis. Nations on the verge of dissolution cannot and will not lose time in haggling for terms. Europe's need is vast and immediate. It is not, however, so overpowering as to force her into the position of asking the doles of charity and accepting thankfully on any terms whatever assistance richer and more fortunate nations may see fit to offer. Now more than ever it becomes clear that lending to Europe, when it is done, must be done as a matter of sound business for the United States. Europe needs America, but hardly more than America needs Europe. Arrangements which grow out of the situation will be mutually advantageous.

"It thus becomes more apparent that the future position of the United States in the markets of the world may soon depend almost entirely upon the initiative and ability of her merchants and the excellence of her products rather than upon any fortuitous developments such as those which have brought about her present pre-eminent position. The tendency of trade will be to go back to the channels so deeply worn in the days before the war. To hold even a notable portion of our gains will require conscientious effort and continual improved service."

## AND BEHOLD THE POOR CONSUMER GOES ON STRIKE

(By Associated Press)

New York, November 16.—More than 500,000 consumers in greater New York are expected to go on a "milk strike" as a demonstration of the ability of the middle class consumer to organize. No reduction in price is expected to result from the boycott.

Only children under seven years of age and invalids are exempted from the "Strike order," which provides that the boycott shall last three days a week.

Health Commissioner Copeland tonight opposed the boycott, at least until the fair price committee submitted its plan. He said no ultimate economic advantage to the city would result and "the unoffending farmer as usual will be the sufferer."

## JENKINS HELD FOR ALLEGED CONNIVANCE

(By Associated Press)

Mexico City, November 16.—William O. Jenkins, United States consular agent at Pueblo, was placed under arrest Saturday and held under surveillance in his home, following charges of officials of Pueblo that Jenkins was not abducted by Federico Cordova, the bandit leader, but was in connivance with him, according to information received here last night.

## DENY MEXICAN PARTICIPATION

New York, November 16.—Denial that Mexico is connected in any way with radical groups in this country was made tonight in a statement issued by Ramon P. De Negri, Consul General of Mexico here.

## REJECTED BY FARMERS

Six Hundred Thousand Rural Workers Refuse Invitation.

Grand Rapids, Mich., November 15.—

Six hundred thousand American farmers and farmers' wives, through their representatives, today declined an alliance with union labor. By an overwhelming vote the National Grange, in annual convention here adopted, in reply to an invitation extended by Samuel Gompers for a conference in Washington, the following resolution:

"The National Grange declines your invitation for a conference in Washington, December 13."

The Gompers letter had been referred to the committee on good of the order and after three days' discussion that body late today reported, the reply making nearly 1000 words. At once feid debate began one of the leaders being S. J. Lowell of Fredonia, N. Y. Members declared that attendance at any such conference was fraught with peril to the grange. Few voices were heard in support of the invitation, and these were from western members. It was brought out by opponents that there was nothing in common between the agricultural interests and organized labor. To attend the Washington meeting, it was declared, would be a tacit admission that there were mutual interests.

## APPEALS WILL SOON BE HEARD

(By Associated Press)

Washington, November 17.—The supreme court agreed today to hear arguments next Thursday on appeals from decisions rendered in New York upholding the constitutionality of the war-time prohibition act. A similar appeal from the Kentucky court will be heard on the same day.

## GOVERNMENT WINS OIL SUIT

(By Associated Press.)

Washington, November 17.—The government by an opinion today in the Supreme Court won its fight to have cancelled patents for 6,000 acres of California oil land valued at \$10,000,000 alleged to have been obtained through fraud by the Southern Pacific Company.

## POSSE AFTER THE RADICALS

(By Associated Press.)

Centralia, Wash., November 17.—Former soldiers and woodsmen who are searching Hannaford Valley for alleged Industrial Workers of the World, charged with the shooting here, are not expected to report until tonight. The posse was reported to be seeking a cabin in which it was said the I. W. W. took refuge after killing John Haney, Saturday.

## WOULD TAKE REDS HOME

New York, November 17.—Ludwig C. A. K. Martens, self styled "Ambassador of the Russian Soviet Government to the United States," has offered to provide transportation to the United States to Russia for all Russian citizens who desire to leave America, or whose presence in the United States is undesirable to the federal government.

This offer was made in a letter written by Martens to Secretary of State Lansing and made public here Sunday night. In his letter, Martens protests against the "unwarranted and cruel treatment" to which many Russian citizens in the United States are subjected "by federal and state officers, as well as mobs acting without authority."

He declares that he has received thousands of applications from such citizens who are anxious to return to their homes.

Martens was arrested for contempt Saturday and released on \$1000 bail after he had refused to appear and bring certain documents before the Lusk legislative committee investigating radical activities in New York.

## AMERICANS AID POLE REFUGEES

Grodzice, Poland, October 15.—(Correspondence of the Associated Press by Mail)—Down here in former German Silesia, where Poland and Germany are engaged in a bitter controversy on boundary questions, American Red Cross workers have been delivering their supplies under the friendly supervision of a long line of German observation balloons. These supplies, unloaded on the Polish side of the frontier, were for Polish refugees who have passed and are still passing into Poland from Silesia.

When the boundary question first became acute, Germany started to make a warlike show along the frontier. There were German troops engaged in military maneuvers just across the river from Grodzice; there were many trainloads of field artillery stationed along the frontier and planted in hidden emplacements behind the hills; there were scores of airplanes and observation balloons, he latter on display every morning, robbing at their slender strings. By night also there was a continual busle on the German side of the line—signalling and night manoeuvres. The frontier which here lies along the little River Brzyna, bristled with armed guards and pickets. It was the show-window of war's preliminaries, designed to impress the people across the border with Germany's power and earnestness.

The Polish authorities estimate that 35,000 Polish refugees have fled across from German occupied Silesia since August 18. At first the Germans made no objection to this wholesale exodus; rather, they favored it. But now they have strengthened their guard at the frontier and shoot on sight anyone attempting to cross the line in either direction. Yet from 500 to 700 refugees are crossing the border into Poland every twenty-four hours, mostly at night.

## ARMENIAN LEADER TO APPEAR BEFORE SENATE COMMITTEE

General Antranik.

General Antranik, famous Armenian leader, is on his way to the U. S. to appear before the senate foreign relations committee to answer confidential questions regarding the Armenian situation. widely read London weeklies. He writes that the Left-Socialists in Norway stand without reserve on the side of the Russian Bolsheviks. At the last general election they polled 250,000 votes and won 52 seats. One of their leaders, Egede Nissen, says the correspondent, visited Moscow where he "sat at Lenin's feet."

"The programme is openly revolutionary," adds the correspondent, "the leaders even rejecting reforms which are in their own programme once these reformers promise to be attainable by parliamentary means. An instance is the eight-hour day reform which was promised in the King's speech at the last Storting opening; but which, under the inspiration of the Left-Socialists the workmen set about realizing by 'direct action,' knocking off work an hour before the customary time without giving their employers notice."

## CHILLICOTHE IS DEAD BROKE NEEDS \$6,000

According to reports of financial troubles in Chillicothe, that city is like some others in this part of Ohio broke.

At a recent council meeting City Auditor Robert Weaver of Chillicothe said:

"The city is broke. Unless some means can be devised to raise funds before next pay day, our balance on hand will be so small that I doubt if we can meet our payroll."

Further light on the financial situation of Chillicothe is shed by the Soloto Gazette, which says in part:

"Although conversant with the fact that funds in the city Safety Fund were low, members of Council were not prepared for such a statement and for the time being were at a loss to meet the emergency. All of the surplus in the General Fund was ordered transferred to the Safety Fund last month, to meet the monthly payroll, and there is, therefore, no surplus in this direction to draw upon."

A ruling from the attorney general prohibits City Council from borrowing money on next year's revenues, and after a heated discussion on the matter council passed a motion to refer the shortage of funds to the Finance committee, who were instructed to meet with Mayor Story, City Auditor Weaver and City Solicitor Withgott, who will endeavor to thrash the matter out and provide sufficient funds to tide the city over the remaining one and one-half months of the year. It is stated that approximately \$6,000 will be required to cover expenditures. City Auditor Weaver stated the city has spent about \$26,000 so far this year.

"It is stated that the deficit in the city appropriation was due mainly to the fact that the police and firemen's salaries have been materially raised since the first of the year and several new members added to the force. These matters, in conjunction with the increased cost of administering the city business, have occasioned the shortage in the city bank roll."

"The city is broke. Unless some means can be devised to raise funds before next pay day, our balance on hand will be so small that I doubt if we can meet our payroll."

## WATER DAMAGES THE ARCH LIGHTS

Failure of the lights on the memorial arch on the Court house lawn to function properly caused an investigation as to the cause. It was found that the hard rains had filled the inverted shades of the electric light bulbs with water and that some of the bulbs had been broken by the water freezing.

Monday morning a workman put the lighting system in shape.

## ANOTHER WARNING ISSUED BY STATE BOARD OF HEALTH

Columbus, Nov. 17.—Continued increase in prevalence of diphtheria and scarlet fever against which the State Department of Health issued a warning 2 weeks ago was evident in a summary of October disease reports, made public by the department recently.

Parents and school children were again advised by the department to watch children carefully for signs of fever or sore throat, which may be early indications of either of these diseases.

Prompt isolation of suspected cases and early use of anti-toxin where diphtheria is suspected were urged.

Diphtheria cases reported in October numbered 1,171. The scarlet fever total was 863. The scarlet fever figure is more than twice that

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clear, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).

for September, and the diphtheria total represents nearly as great an increase.

Among other disease totals reported in October were: Influenza 125, smallpox 78, typhoid fever 101, whooping cough 369. Influenza has displayed no signs of becoming an epidemic, the reported prevalence being normal for this season. Smallpox is due to exhibit its usual winter increase, which can be warded off by individuals by means of vaccination. Typhoid fever was slightly lower in October than in September, as is usual, but was higher than in October 1918 and 1917. Whooping cough showed a decrease from September figures.

## FINDS POULTRY VERY PROFITABLE

That all of the big money on poultry is not made in the Mississippi chicken town of Petauma, is attested by the information from a farmer's wife of near this city that beginning Jan. 1st she had 125 hens, and since that time, besides the great number of eggs used and the number of chickens that have contributed their delicious meat to the family table, she has sold \$514 worth of eggs and chickens, and at the present time is collecting 66 eggs daily from her busy flock of hens.

Expenses during the 10 months have been very light, and probably would not exceed the value of the eggs and chickens used so that the farmer's wife figures the \$514 as almost clear profit.

## LIMA LADY ALMOST FELL DOWN STAIRS ON TWO OCCASIONS

Suffered from vertigo, dizzy spells and a general lazy liver. Had to support her back with a pillow on account of backache.

Now declares her troubles are relieved since taking the new medicine Drecto.

"I suffered so from dizzy spells and vertigo that I almost fell down stairs on two occasions. My back ached so bad that I had to prop a pillow or cushion against it when I sat down," are the words of a well-known lady, Mrs. S. D. Campbell of 206 N. Elizabeth St., Lima, O.

"Several of my friends were so highly pleased with Drecto, they persuaded me to take it, and I honestly believe it has been my salvation. I feel like an entirely different person. I lost my appetite and began to get into a highly nervous rundown condition, and got so I didn't even want to look at anything to eat, for the smell and even the sight of cooking made me sick. To get a good night's rest was simply out of the question. I would lie awake and roll and toss until morning, and then would feel more tired than when I went to bed the night before. I managed to keep on my feet, but many a day it would have felt good to have gone to bed. I was almost a nervous wreck, without energy or strength. Sometimes I felt as though I would as soon be dead as alive. As I have said, several of my friends kept after me to try Drecto, so I finally consented, and I honestly think it was the only thing that saved me. I am feeling strong and well enough again, and sleep like a rock, and can hardly get enough to eat. My nervousness has entirely disappeared, also the constipation. Drecto is a wonderful medicine and every one should know about it."

Drecto, the new herbal system tonic, tones up and strengthens the nervous system; invigorates the entire body; removes all impurities from the blood; restores energy and vitality; tones up the digestive organs; puts the stomach in good condition; stimulates the sluggish liver; strengthens the kidneys and soothes tired nerves.

All up-to-date druggists now sell Drecto, and it is highly recommended in this city by

Pepto-Mangan Makes Red Blood

Prepared in Liquid and Tablet Form—Both Possess Identical Medicinal Qualities.

It is necessary for boys and girls to laugh, romp, play, and enjoy themselves, for it is at that stage of life that the foundation is laid for future health.

Prompt attention should be given to the child who seldom laughs, whose physical condition prevents playing like the other children, whose appetite is poor, and who tires easily.

If the lassitude is due to poor blood which is often the case, a simple safe, and pleasant remedy is within easy reach. Gude's Pepto-Mangan is just the tonic for pale, thin children. Gude's Pepto Mangan contains the very ingredients that increase and enrich the blood, enabling it to supply the entire body with the sorely needed vigor strength and vitality that makes happy romping children.

For the convenience of the public Pepto-Mangan is prepared in tablet as well as liquid form. Both forms possess exactly the same medicinal properties.

When you ask the druggist for Pepto-Mangan, look for the name "Gude's" on the package. If it is not there it is not Pepto-Mangan. Advt.

## POULTRY PAYS

Consider the case of Petaluma, a city of 6,000 is the richest city per capita in the world.

It has five busy banks with total resources of \$10,185,739.24. Poultry alone made Petaluma.

4,000,000 Petaluma hens lay 450,000,000 eggs a year. Poultry Pays and can be as successfully raised in Fayette County as in Petaluma.

Get into the poultry game. Plan a big crop and see it through.

## SOLDIER TAKES ENTIRE TRAIN

Hillsboro, November 17.—An entire Baltimore and Ohio passenger train—engine, baggage car and coaches—was "solen" Sunday by a former soldier believed to be insane, who took a ride down the branch line toward Blanchester until the steam pressure was exhausted and the train stopped near Russels Station, where the wild engineer was captured and lodged in jail. The train was not damaged and no passengers were aboard.

The prisoner is believed to be John, or Adam Barnes of this vicinity. The train had arrived from Blanchester and the crew was at dinner.

Hillsboro is the end of the branch line and the train was due to make a return trip at 3 o'clock.

Barnes' excuse for taking the train, it is said was that he had "an engagement at Newark and couldn't wait."

## ELECTED HEAD OF ENGLISH PILGRIMS

Lord Desborough, a recent portrait.

Lord Desborough recently was elected the chairmanship of the executive committee of the English Pilgrims, succeeding Sir Harry Brittain, founder of the society. Lord Desborough is well known in the U. S., visiting here several times. He has hunted grizzlies in the Rockies and is credited with having swum the Niagara river just above the falls.

## FAYETTE SCHOOLS STAND THIRTIETH

The schools of Fayette county stand 30th among the schools of Ohio in the sale of War Savings Stamps for 1919 according to an announcement just made by the Ohio War Savings committee. Total sales for the schools of this county are \$29,449.48 which is a per capita sale of \$6.45. Highland county schools lead all others in Ohio with a per capita sale of \$44.88; Warren county schools are second with a per capita sale of \$41.97 and Clermont county, third with a per capita sale of \$31.45.

Hamilton county schools have sold the largest aggregate amount, \$766,663 while Franklin county is second in aggregate sales with \$263,927. More than \$100,000 of this amount was sold in the Franklin county schools this fall, probably a state wide record.

## HILLSBORO DEFEAT NO SMALL MATTER

Following the 28 to 0 defeat of Hillsboro by the Washington High School eleven, Friday afternoon, the question has arisen as to just how much ability the local squad possesses. Hillsboro claims one of the strongest teams in her football history. The Highland county boys defeated Hillsboro by a substantial score. Hillsboro defeated Hughes High of Cincinnati. Then comes the Washington team, along and cleans the Hillsboro eleven in two straight games, 20 to 6 and 28 to 0.

The victory Friday brought the total number of points scored by the Washington gridders to 203 while but 15 points have been scored against them.

## OHIO PROPERTY

3,265 Acres.  
 Six producing wells.  
 Five more to be drilled at once.  
 Seventh well down about 2,400 ft. and will be completed in 2 weeks.

## TEXAS PROPERTY

21,000 Acres.  
 Wells drilling all around our properties in Texas and big development expected soon.  
 Well being drilled 1,200 feet from our property in Brown Co., Texas.

When you buy stock in THE GORDON OIL COMPANY, you participate in the profits from both the Ohio and Texas properties, as the Gordon Oil Company owns the leases in both states.

The Ohio property is a conservatively managed going oil concern with six producing wells and constantly drilling more wells. The seventh well will be completed in two weeks and all stockholders will be notified so that all may go to see the next well shot. It is only a two hours' ride from Columbus to Logan, Ohio, and then a drive of eight miles in autos. You can then see the six wells that are producing oil which brings the company \$4.25 per barrel and also see the four other new wells being drilled. This constant drilling and increase in production will enable us to soon pay good dividends.

ABOUT TEXAS—You have all heard about the enormous fortunes made from the investment of a few dollars in the Texas oil field and we give the stockholders in the Gordon Oil Company an opportunity to share in the wonderful profits being made in Texas, as we have 21,000 acres right in the trend of development in the coming Edwards Plateau field and our Texas holdings may make the company millions of dollars and each share of stock an immense sum. This, our Texas property, is our big speculation.

This combination of conservatively managed oil producing property right here in Ohio with the big speculative Texas holdings of 21,000 acres makes this a mighty attractive proposition.

Shares are \$5.00 now and may be advanced any time. If our seventh well comes in 100 barrel, up goes our stock and nearly any day now we may hear of a development in Texas that will send the price of our stock soaring.

Come in now, buy stock in Gordon Oil at \$5.00 and assist us in developing this property and share in the first and initial advance of the price of the stock; buy it and hold it for a big advance.

In investing in Gordon Oil, you are assured of honest management, as the officers are men of excellent business reputations in Ohio and are well-known; you are not putting your money with men you have never heard of, but with men locally well-known and good business men and expert oil operators who think enough of this proposition to put their own time and money into it.
